Import of Swedish Technology

1828. SHRI MUKHTIAR SINGH MALIK: Will the Minister of INDUSTRY be pleased to state:

(a) whether any agreement has recently been signed between India and Sweden for import of Swedish technology in high technical areas and for collaboration amongst the scientists of the two countries;

(b) if so, what are the details of the agreement; and

(c) to what extent India is likely to be benefited thereby?

THE MINISTER OF STATE IN THE DEPARTMENT OF INDUSTRIAL DEVELOPMENT IN THE MINISTRY OF INDUSTRY (SHRI M. ARUNACHALAM): (a) and (b) In the recently concluded Seventh Session of the Indo-Swedish Joint Commission, *inter-alia*, possibilities of furthering bilateral cooperation in high technology areas were discussed. The areas identified for possible cooperation are collaboration in the fields of space technology, bio-technology, research on polar and Antarctic sciene, Oilseeds technology, environment protection, energy conservation in the pulp and paper industry, joint research projects in biotechnology, ceramics etc. The concerned organisations of the two countries will further discuss to concretise the proposals.

(c) Government welcomes cooperation with other countries in the high tech areas in order to modernise our industries and improve their productivity to make them competitive in the world market provided the terms and conditions offered are within our policy parameters.
